World Smart City

KOREA, 2023

The WSCE is the largest Smart City event in the Asia-Pacific region and is globally recognized as a leading expo representing the smart city industry. Since its inception in 2017, the WSCE has played a pivotal role in expanding global smart city industries by fostering knowledge sharing, facilitating networking opportunities, showcasing innovation, driving policy development, and providing an international perspective on the achievements of smart cities worldwide.

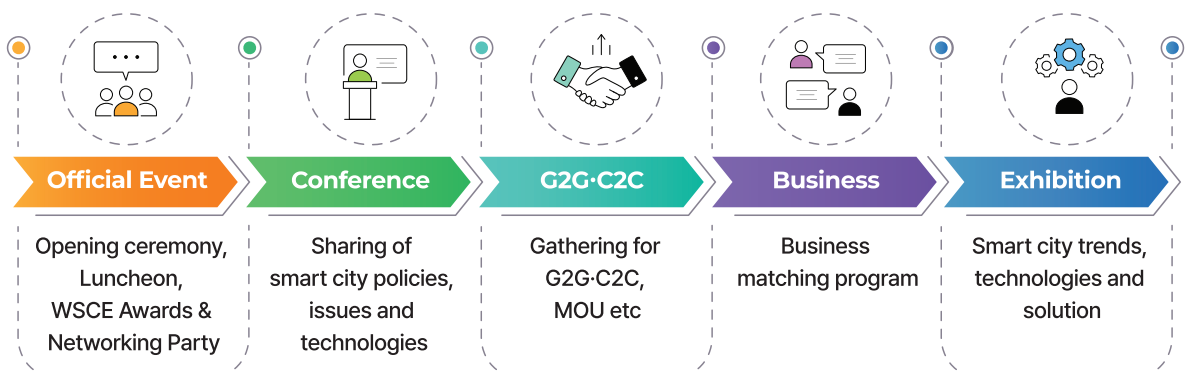

The expo acts as a catalyst for collaboration, learning, and inspiration, contributing to the advancement of smart city initiatives on a global scale. The events scheduled during the WSCE include opening ceremony, exhibitions and business meetings, WSCE Awards, Conferences and Seminars under the theme of Governance, Data, Technology, and Financing, Site Tour and etc.

We invite you to join us and be a part of WSCE 2023.
